

Sprint Review 1

- Features implemented

- PhP Framework

- Issues fixed

- N/A

- Implementation review (*What went well in the implementation, what problems occurred, how problems were solved*)

The members discussed software implementation choices, such as choosing SQL for the database. A suggestion for a PhP framework was completed by a member of the dev team, and was pushed to a separate branch. The members, however, discussed and agreed to the use of flask for python development.

- Changes made

- N/A

- Plans for next sprint (*What will be done for the next sprint*)

- Flask Framework

- Scrum Review (*What went well in Scrum, what could be improved, and what changes will be made*)

The Trello Kanban Board was successfully initiated, however not all members have joined it. By the next scrum meeting, all members should join and claim tasks.
