Sprint Review 1

- <u>Features implemented</u>

  - PhP Framework

- <u>Issues fixed</u>

  - N/A

- <u>Implementation review</u> *(What went well in the implementation, what problems occurred, how problems were solved)*

  The members discussed software implementation choices, such as choosing PhP over SQL for the database. A suggestion for the PhP framework was completed by a member of the dev team, and was pushed to a separate branch. The members also discussed and agreed to the use of flask for python development.

- <u>Changes made</u>

  - N/A

- <u>Plans for next sprint</u> *(What will be done for the next sprint)*

  - Flask Framework

- <u>Scrum Review</u> *(What went well in Scrum, what could be improved, and what changes will be made)*

  The Trello Kanban Board was successfully initiated, however not all members have joined it. By the next scrum meeting, all members should join and claim tasks.
